

DO-RE-MI (THE ECOLOGY)

Do-re-mi the ecologist don't throw
away your rubbish

Let's all see what noise it makes

Can you bang and shake it

Let's hear it for a cleaner world

Do-re-mi the ecologist don't throw
away your rubbish

Let's all see what noise it makes

Can you bang and shake it

Let's hear it for a cleaner world

If you have a paper bag I'm asking
you please don't bin it

Why not think about your favourite song and
use your bag to help you sing it

A bag can rustle like the leaves in the trees
swish like the waves in the sea

You can scrunch it squish it tear it rip it and
when you're tired of singing you can
put your things in it

Do-re-mi the ecologist don't throw
away your rubbish

Let's all see what noise it makes

Can you bang and shake it

Let's hear it for a cleaner world

Do-re-mi the ecologist don't throw
away your rubbish

Let's all see what noise it makes

Can you bang and shake it

Let's hear it for a cleaner world

Now let's take a cardboard tube this is really
something you can use and use

It's a telescope what can you see can you
be a pirate on the high high sea

Now try singing down the tube do-do-be
do-do-be do-do-be-do-be-do

Put your hand on the end move it to and fro
you're a Native American in Idaho

Do-re-mi the ecologist don't throw
away your rubbish

Let's all see what noise it makes

Can you bang and shake it

Let's hear it for a cleaner world

Do-re-mi the ecologist don't throw
away your rubbish

Let's all see what noise it makes

Can you bang and shake it

Let's hear it for a cleaner world

Let's hear it for a cleaner world

Let's hear it for a cleaner world

BOOGIE MITES MARCHING BAND

There's a big brass band in Musicland
All the animals are marching in their suits so grand
When they all pass by we jump and wave
It's Boogie Mites Marching Band

First come the mice
Twitching their noses
Pitter patter pitter patter
On their twinkling toesies

There's a big brass band in Musicland
All the animals are marching in their suits so grand
When they all pass by we jump and wave
It's Boogie Mites Marching Band

Then come the horses
Swishing their tails
Clip clop clip clop
On their horseshoe nails

There's a big brass band in Musicland
All the animals are marching in their suits so grand
When they all pass by we jump and wave
It's Boogie Mites Marching Band

Then come the elephants
Trunks all a-swaying
Stomp stomp stomp
On the bass drum playing

There's a big brass band in Musicland
All the animals are marching in their suits so grand
When they all pass by we jump and wave
It's Boogie Mites Marching Band

When they all pass by we jump and wave
It's Boogie Mites Marching Band

GRAND OLD DUKE OF YORK

Oh the Grand Old Duke of York
He had ten thousand men
He marched them up to the top of the hill
And he marched them down again

And when they were up they were up
And when they were down they were down
And when they were only half way up
They were neither up nor down

Oh the Grand Old Duke of York
He had ten thousand men
They tiptoed up to the top of the hill
To see the dragon in his den

But when the dragon saw them it roared
When the dragon saw them it roared
When the dragon saw them it roared so loud
They came running down again

Run run don't wait
Run run don't wait
Run run as fast as you can
And can the last one shut the gate

Ssshhh the Duchess said
Ssshhh the Duchess said
The Grand Old Duke and all of his men
Are hiding in their beds

Oh the Grand Old Duke of York
He had ten thousand men
He marched them up to the top of the hill
And he marched them down again

And when they were up they were up
And when they were down they were down
And when they were only half way up
They were neither up nor down
And when they were only half way up
They were neither up nor down

OH THE CROCODILE

I can see some sharp shiny teeth
and a mouth that's opening wider and wider
'til it shuts with a snap, what can it be...

Well the crocodile has a great big smile
he is such a friendly chap
Well his mouth opens wider wider wider
'til he shuts it with a snap
Yes his mouth opens wider wider wider
'til he shuts it with a snap

What could this be coming down the road, have a listen....

It's a horse of course and a very fine horse
and the rider sits on top
We can hear him move as four fine hooves go
clip clop clip clop clip clop clip
We can hear him move as four fine hooves go
clip clop clip clop clip clop clip clop

Here comes something really big and noisy...

It's a dinosaur you can hear him roar all around the muddy swamp
The ground starts to shake and we all start to quake to hear him
stomp stomp stomp stomp
The ground starts to shake and we all start to quake to hear him
stomp stomp stomp stomp stomp stomp stomp

TIDY UP TANGO

Tidy up we've had our fun now we must tidy up
Everyone come on and tidy up
We'll work together as team
To make things squeaky clean

Look around see all those bits and pieces on the ground
Let's find a place for all the toys we found
Come on and put them in a box
Get to it chop chop chop

This noisy syncopation can be a messy occupation
Let's see if we can be clean and serene

Tidy up we've had our fun now we must tidy up
Everyone come on and tidy up
We'll work together as team
To make things squeaky clean
