MESSAGE FROM THE HEADTEACHER

PTFA Summer fayre Competitions

A flyer has been sent home this week sharing details of four competitions for both children and adults to enter. The judging will take place during the Summer Fayre.

Final Farewell

Final reminder that parents and members of our local community are welcome to join us in our school hall at 10.30am on Friday 27th June in our farewell to Reverend Canon Julie James who will be retiring at the end of this month.

PTFA Summer Fayre – Friday 27th June 3.15–5.30pm

The PTFA have worked hard to arrange a wide selection of stalls, games and activities for all to enjoy. Please support us if you can. Everyone is welcome! Parking will be made available on the Common land directly opposite the school to help avoid congestion. Thank you to the Common committee for allowing the school to use this land.

The visiting pizza van will stay on until after the Fayre as part of our local community links.

Governors Update

The Curriculum and Standards committee of governors met this week to discuss various areas of school life, including assessment, curriculum development and enrichment activities.

All of the national assessments have now all finished for the year groups involved. Results will be shared with parents within your child's written annual report w/c 7th July in line with the date of when all schools receive the Year 6 SATs data.

Parent Forum

The Parent Forum met today. Thank you to all of the reps for your time to attend. The agenda and notes from this meeting will be uploaded shortly.

Transition to new classes

We have arranged for each class to spend time with their new cohort and where relevant, their new teacher(s) if your child is moving into the next class. Further transition sessions will also be arranged for particular year groups (new Year 1 and new Year 3), but everyone will be included in the transition time during next Thursday morning.

Petelo

The Wednesday sessions with the Petelo coaches are focusing on athletics this half-term. Thank you for sending your child's P.E. kit into school.

Class Curriculum Overviews

Please note that the class curriculum overviews along with lots of other information can be found on the school website:

PRIMARY STEM CHALLENGE FINAL

Well done to Annabelle B and Grace W for completing the Primary STEM Challenge final. They made an 'earth mover' that could carry a pile of stones to lift or drop them to/from 8cm height, using k'nex.

They worked very well as a team and explained their ideas well to the judges, well done!
